*Experience harmony.
Find peace. Feel good.*

One of Germany's most modern and attractive natural thermal hot springs is located on the Lahn River in Bad Ems. You won't just find a restful space for wellness, activities and relaxation here; Emser Therme is also an extraordinary work of architecture with its smooth pebble stone shapes, warm colours and hand-picked natural materials.

Healthy Hot Springs

Based on the **four building blocks** of optimized relaxation, which are cardiovascular training through exercise, **a natural hot springs water soaking process with varying temperatures** (spa and sauna), **physical recovery** in the form of wellness treatments and **mental rest through quiet time**.

Experience ultimate relaxation on 71,000 square feet grounds with our thermal hot springs area, sauna park, wellness gallery and FitnessPanorama. Enjoy guiltfree indulgence from fresh and healthy kitchen of our Restaurant Halberts.

A world of hot springs

A hot springs soak at Emser Terme is to rediscover old Roman culture. A large thermal pool, a jacuzzi, an exercise pool as well as hot and cold pools invite visitors to submerge themselves in a world of relaxation and leisure. Innovative attractions such as salt inhalation with the famous Emser Salz®, the Sidroga®herbal steam bath, infrared chairs and the unique rain area round off the experience in the indoor area. Opportunities for peaceful relaxation can also be found in the fireplace lounge and in quiet lounges offering a stunning view.

In the outdoor area, the thermal outdoor pool and the sport's pool offer pure relaxation all year round. In addition to this, the large sunbathing area with a direct view of the Lahn River are the perfect places to enjoy open-air peace and relaxation.

Pure relaxation

Relax and replenish – recharge your batteries – take time out from your everyday routine. The SaunaPark is the ideal place for your well-being. Choose between a traditional Finnish sauna, salt sauna and more moderate warmth in the sanarium, the sauna with a view or the steam room. A quiet room, the cosy inglenook and the large and spacious sauna garden with comfortable loungers will make you want to stay for hours on end. In the outdoor area of the sauna park, we also have a textile-free relaxation pool with thermal water.

A special highlight is the floating river sauna, where a panorama sauna and a sound sauna grant a picturesque view of the Lahn River. The cosy lounge patio perfectly rounds off the unique atmosphere.
